WRITTEN BY JOSS WHEDON
PENCILED BY JOHN CASSADAY
COVER BY JOHN CASSADAY

Expectations were high when Joss Whedon was announced as the writer of the new ASTONISHING X-MEN series. With Buffy the Vampire Slayer, Whedon had created one of the most popular TV shows of the 1990s; now, teamed with superstar artist John Cassaday, he was taking on the best-selling X-Men. Their storyline took inspiration from the classic sagas of the '70s and '80s, while forging ahead with a thoroughly modern take on the mutant team. From the opening pages of a Sentinel attack to the unexpected return of a beloved X-Man, Whedon and Cassaday kept fans breathlessly awaiting each new chapter of their epic story. Now, the complete saga — acclaimed as "Series of the Year" by Wizard magazine and a "Must Have Gift" by TV Guide — is collected across two softcover volumes. Peter Parker's world has a new set of rules: The Daily Bugle is defunct, the Kingpin has been deposed, Midtown High has another hero roaming its halls — and New York City absolutely adores Spider-Man! But Peter has issues, too: a new girlfriend, drama involving his old one, Aunt May turning her home into a boarding house and the hot-headed Mysterio on the loose! Plus: Spidey, the Human Torch and Iceman discover their neighbor possesses some powers of his own. But how the teenager acquired them and what he's capable of are as big a mystery to Peter and his friends as to Rick Jones himself. Meanwhile, with mutants outlawed, what happens when federal agents learn where Kitty Pryde's been hiding? And what can Spider-Man do about it when mysterious imposter has taken his place?
